16th April 2019

Thank you for the opportunity to submit a quotation for the supply of the GRC tables for your new café in Hamilton .

At Insitu GRC, our dedicated team strives to make the highest quality GRC products - planter boxes, pot planters, water-features, and street furniture for residential and commercial projects in New Zealand.

Our products are made here in New Zealand so you deal directly with the manufacturer and are designed for New Zealand conditions.

The coffee tables will be sealed to prevent staining, but they will require the use of our concrete wax as part of their maintenance.

Please find below our quotation to manufacture your tables and pews in the sizing as shown in the plans. The table would be slightly different to those shown in the plans, but we have tried to capture all the design elements, while still being able to produce the table in the GRC medium.

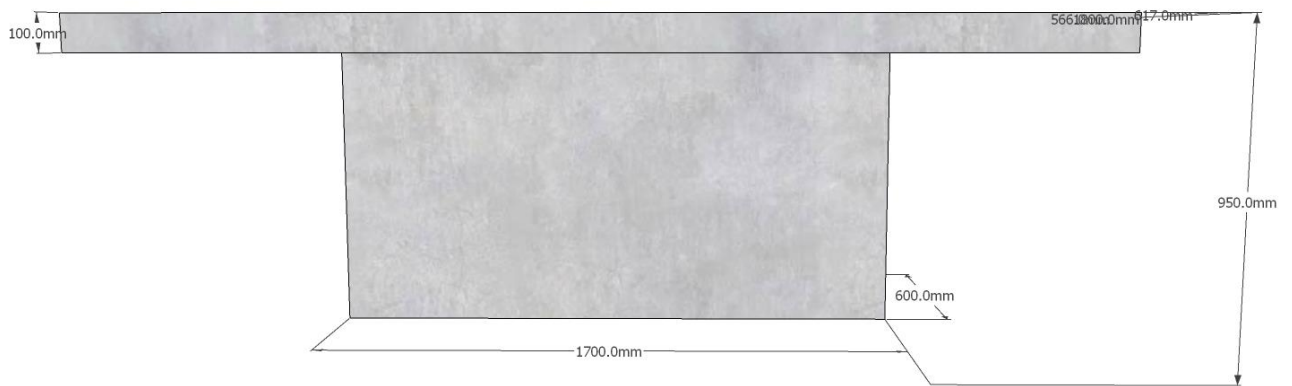

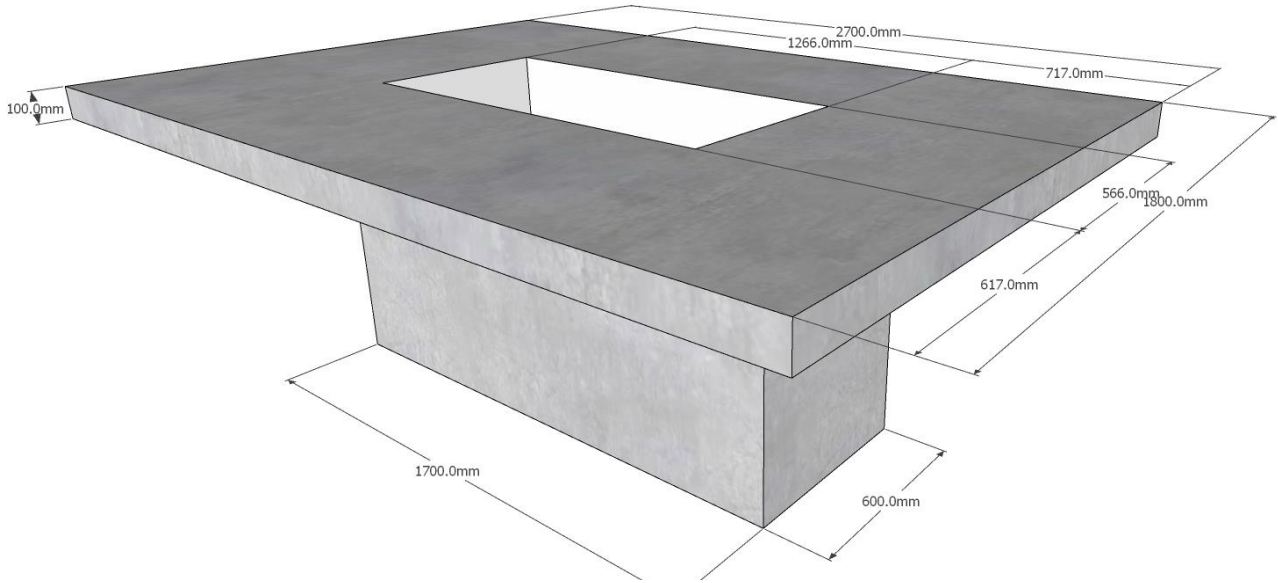

The full table will be able to use the leg as the planter box. I have only priced the top at 100mm thick as I think there won't be the strength required in a 50mm top.

Communal Table J08

Units required 1

@ \$5152.00

Total \$5152.00

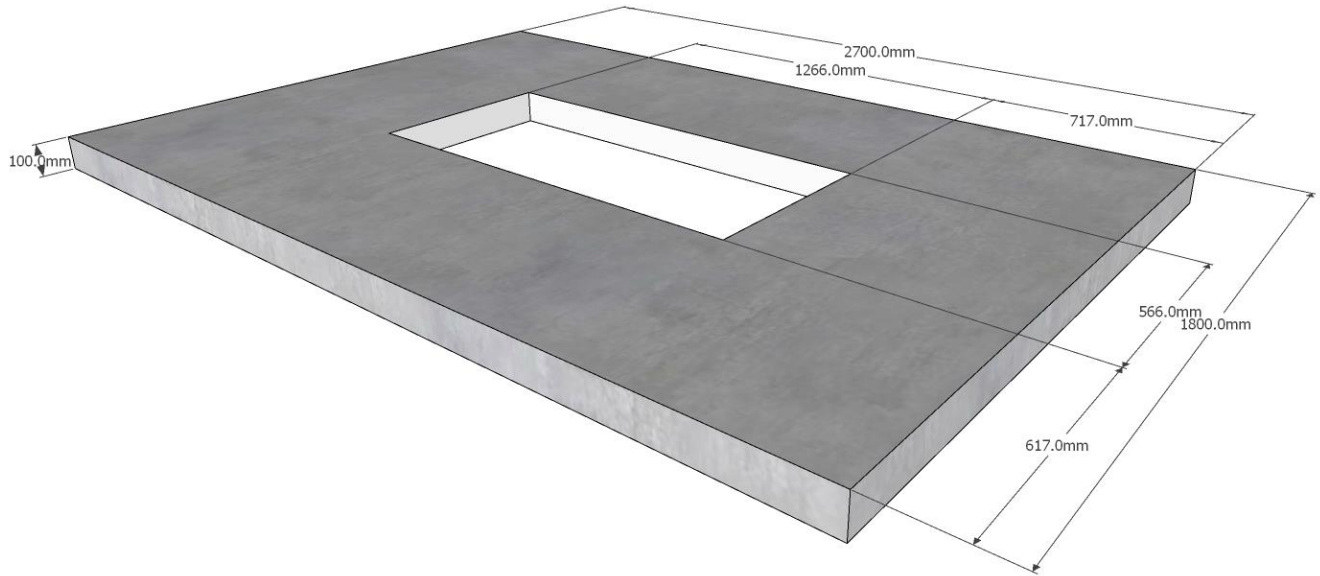

Communal Table J08 (Top only)

Units required 1

@ \$3888.00

Total **\$3888.00**

1. Price is ex yard.
2. All prices are inclusive of GST.
3. Quote is valid for 30 days.
4. A 30% deposit is required to cover the cost of the moulds.
5. Payment is paid in full before despatch.
6. That all conditions of sale have been read and agreed to. (copy of which is located on back of this quotation)

Once again thank you for the opportunity to submit this quotation. If you have any questions regarding the above please do not hesitate to contact me.

Yours Faithfully

Steven Webb
